PEANUT GROWERS SHOULD SELECT SEED

Now is the time to select peanuts suitable for planting purposes to insure an ample supply of seed for the next year's crop, states J. C. Lowery, extension agronomist of A. P. L. Auburn. Peanuts in most sections of the state which have been harvested under reasonable conditions should be high in germination.

Many farmers obtained poor stands last spring due to poor quality seed. This can be avoided next year by saving good planting seed from this year's crop. With peanuts needed so badly in the war effort farmers cannot take chances on poor stands next spring.

LITTLE GIRL DIES

Mary Sanders, age six years, daughter of Mr. and Mrs. George D. Sanders, living on Smith Avenue, died at the family residence last Wednesday following an illness of three months.

Surviving besides the parents are one sister, Betty Sanders; grandparents, both paternal and maternal, and several aunts and uncles. Funeral services were held at Fairview Friday, Oct. 10, at 2 o'clock, P. M. Rev. J. C. Lowery officiating. Burial was in the Fairview cemetery. Pallbearers were: Jessa Bacher, Edna Taylor, John Chalmers Blackmon and Loy Tindol. Bonneau-Jeter had charge of arrangements.

CELEBRATED BIRTHDAY

Friends and a few children of Mr. Henry Baker met at his home in Winter Garden, Fla., on October 31 to celebrate his 85th birthday. He has many children in Alabama and a number of grandchildren. His children in Florida are: J. C. Richards, J. E. Richards, Mrs. Cora Lashley, Mrs. Debra Lashley and Mrs. Randall Johnson. One son, Gilbert Richards, is in military service. He received a number of presents and some money. At noon a nice dinner was spread. In the afternoon there was singing, a good message by Sister Deloney and a good talk by a great-grandson, Forest Bowdin. We all wish him many more birthdays.—Contributed.

PROCLAMATION
by
Governor Chauncey Sparks

WHEREAS: Pulpwood is vital to the progress of our war against the Axis because of its widespread use in smokeless powder; paperboard containers for shells, food, and ammunition for our fighting forces abroad; blood plasma kits; rayon and paper parachutes; and other materials of war; and

WHEREAS: The present lag in production of pulpwood indicates a shortage of more than 2,500,000 cords under the minimum 13,000,000 cords needed for war and essential civilian requirements for 1943; and

WHEREAS: The Federal Government, through the War Production Board, the Office of Price Administration, the War Manpower Commission, the Agriculture Department, the Office of Defense Transportation, and the Office of War Information, is seriously concerned over this shortage; and

WHEREAS: The newspapers of the Nation again have responded to a patriotic challenge as they did in the scrap metal drive and are devoting their organized efforts to overcoming this pulpwood shortage;

THEREFORE: I, CHAUNCEY SPARKS, as Governor of the State of Alabama, appeal to all wood land farmers and wood cutters of this State to enlist in the Victory Pulpwood Drive and pledge to devote at least three extra days to cutting pulpwood this Fall, as requested by WPB Chairman, Donald M. Nelson.

JUNIOR RED CROSS CAMPAIGN TO CLOSE

With the closing date of the annual campaign for enrollment of Junior Red Cross members at hand, the schools over Coffee County have begun to send their enrollment fees and listed rosters in to the central office, according to Mrs. Anne Farbar and Mrs. Gussie Hutchison, secretaries for the East and West Coffee Chapters of Red Cross.

These youngsters who enrolled practically 100 per cent in 1942, are expected to equal their record this November. HARTFORD WON OVER ELBA TIGERS, 46 TO 0

Elba closed what was probably the Tigers' most disastrous football season in the school's history, by losing to Hartford on Hartford Field last Thursday afternoon by a 46-0 score.

The Elba district has made a wonderful record in the production of peanuts this year, but at the expense of limiting Elba's football material to a point that was inadequate to uphold the proud record of recent seasons. So let's call the poor showing made by the Tigers this year: "A Peanut Sacrifice."

RIGHT IN THE FURHER'S FACE

Der Furher is said to be a great lover of trees. We know the Japs are because the only time they ever bombed the U. S. mainland they went after the timber of Oregon.

It would be stingy of us not to give Adolph and Tojo all of the trees we can spare. But let's give them in the form of powder in block — lusting bombs for Berlin, in powder for Garand rifle bullets for the "disgracing" of Italy or in powder for our mighty battleships now in search of Japs in the South Pacific.

The home soldiers who enlist now in the drive to "Cut-a-Cord of Pulphood For Every Locust" in the Armed Service" can help cut the war a little shorter.

BIRTHDAY CELEBRATED

On Sunday, Nov. 14th, a large number of relatives and friends gathered at the home of Mr. L. G. Davis (better known as Green), near Opp, for the purpose of celebrating his 73d birthday.

Mr. Davis was fortunate in having with him all of his children, namely: Lee, Sam, Claude, Matthew and Ben, of Elba, Route 3; Gardie, A. C., Roy, Beria, Fannie and Mrs. Luminous Daughtry, of Opp Route. Twenty-eight of his 31 grandchildren were present. The other three are in the armed forces. His five great-grandchildren were also present, besides a large number of other relatives and friends.

The morning was spent in talking and greeting relatives and friends. At the noon hour a very tempting meal was spread on a table in the yard, consisting of barbecue and a lot of other good eats, iced tea and coffee.

In the afternoon we had two interesting speeches by Judge J. A. Garley and Mr. W. M. Maddox. We also had a short talk by Mr. Davis, the honoree.

Several songs were sung from the Sacred Harp book by members of the family and a few others.

Health Department Asks Brill's Fever Victims For Aid In Rat Control Project

Those of you who have had Brill's fever in Coffee County now have a chance to get revenge on the rats and fleas whose kind made you sick.

If you have had Brill's fever, fill in the form below and mail it to the Coffee County Health Department, Elba, Alabama. We need to know where you lived when you were taken ill and the places where you were especially exposed to rats.

Tell your neighbors who may not receive this paper and write additional forms for other members of the family who have suffered from this preventable disease.

One of the plans for killing rats in the county-wide Brill's Control Program is to find where the rats are most numerous and most infected. These areas will then receive special attention.

These areas are to be located in three ways: (1) All homes where Brill's cases have occurred. (2) Rats will be caught alive and their blood tested to find infected rats. (3) Fleas will be caught and tested in Washington.

Yes, I have had Brill's and want to help keep others from suffering the way I did.
